Holland Glide Dutch Eurotour F5J 2024

Dear Wout, everyone is aware that the Netherlands, as a smaller country, naturally has fewer pilots than its larger neighboring countries. We are therefore all grateful to you and your team for organizing this competition for all of us every year - this year for 44 pilots from 8 countries. Some people may not be aware of it, but the competition in Toldijk takes place on a site rented for this competition, so everything has to be brought there and prepared with a lot of effort and expense, and sometimes other events take place on this site shortly beforehand, so sometimes additional work is necessary to prepare the site.

In particular, with this in mind, I would like to thank you for being the first and only team to have managed to hold a competition with 10 full preliminary rounds and 3 fly-offs, despite the fact that this year there were exceptionally minor technical problems with the evaluation.

From the pilots' point of view, it is of course a great sporting event to get the opportunity to fly so many rounds. Unfortunately, I was unable to take part this year, but I can only recommend that all pilots who want to compete with the top pilots from this region and the many neighboring countries take part in this competition.

Many thanks to you and your team.
